

www.devopsdays.org/2019-Atlanta/

Devopsdays Atlanta is returning for the 4th consecutive year on **April 9th & 10th of 2019**.

“Just Keep Swimming” is the theme of this year's conference. We have the pleasure of co-hosting this **3 track event** with the 1st [Map Camp](#) outside of the UK & an inaugural [serverlessdays](#) Atlanta at The Georgia Aquarium. [Simon Wardley](#), the creator of [Wardley maps](#), will be joining us as our opening keynote. We're glad your organization is interested in supporting these thriving international communities by sponsoring this event.

The conference can accommodate up to 1,000 people but we are currently limiting registration to 800. Devopsdays Atlanta has sold out of tickets and sponsorship opportunities for the past 3 consecutive years. We've teamed up with Map Camp and serverlessdays to gather another full house this April in an effort to foster a collaborative conversation around the future of culture, strategy, & technology in our industries. If you have any questions please don't hesitate to contact us.

Sincerely,

Your 2019 devopsdays, Map Camp, & serverlessdays Atlanta Organizers

Location & Venue

The Georgia Aquarium is a 10-15 minute walk from the Dome/GWCC/Philips Arena/CNN Center Station on the Blue/Green line or from the Civic Center or Peachtree Center Stations on the Red/Gold line, which makes it a convenient destination for folks flying into Atlanta.

Out of 96 attendees surveyed from 2017's conference, 42% walked, biked, or took public transit to the event.

A virtual tour of the venue can be found [here](#). The Pre-function Antarctic Room next to the Oceans Ballrooms accommodates 15 gold sponsors and is where we serve coffee and a light breakfast in the morning. We have room for 2 platinum sponsors in the Entrance to the Oceans Ballrooms. We serve a hot meal with lunch options for vegetarians, vegans, and other dietary restrictions.
